

Aldborough Primary School - Art and Design

At Aldborough we aim to cover the curriculum using the 5 strands of Art and Design: Generating Ideas, Using Sketchbooks, Making (including formal elements), Knowledge of artists, Evaluating and analysing. We do this through Drawing, painting and mixed media, Sculpture and 3 D and Craft and Design.

A cooking and Nutrition strand must be taught (see Kapow Design and Technology Mixed Age LTP)

Kapow Mixed Age Long term plan

Drawing	Painting and Mixed Media	Sculpture and 3D	Craft and Design	Cooking and Nutrition
Exploring mark-making in all its forms, experimenting with line, tone and texture and using a wide range of materials to express their ideas as drawings. ● Using sketchbooks to record observations and plans as drawings. ● Learning about how artists develop their ideas using drawings	Developing painting skills including colour mixing, painting on a range of surfaces and with different tools. ● Exploring the interplay between different media within an artwork	Investigating ways to express ideas in three-dimensions. ● Constructing and modelling with a variety of materials, shaping and joining materials to achieve an outcome. ● Developing drawn ideas into sculpture.	Designing and making art for different purposes, considering how this works in creative industries. ● Learning new making techniques, comparing these and making decisions about which to use to achieve a particular outcome ● Developing personal, imaginative responses to a design brief	Fruit and Vegetables, Eating Seasonally, What could be healthier, Adapting a Recipe, Creating a Recipe - Design, Make and Evaluate

Intent: To inspire pupils and develop their confidence to experiment and invent their own works of art. To nurture their ability, talent and interests and express their ideas and thoughts about the world as well as learning about art and artists across cultures and through history.

Implementation: Using Kapow Mixed aged Art and Design scheme of work. Generating ideas, using sketchbooks, marking skills (including formal elements eg line, shape, tone, texture, pattern and colour) Knowledge of artists, evaluating and analysing. Key skills are revisited again and again with increasing complexity allowing pupils to revise and build on their previous learning. Units are organised into 4 core areas of Drawing, Painting and mixed media, Sculpture and 3D, Craft and design. Progression of skills ensure attainment targets are met at the end of each key stage and that knowledge builds in the formal elements of Art. Units are flexible and can be adapted across the curriculum. Encouraging creativity, individual choices and decisions to give outcomes unique to pupils. Lessons are practical and encourage experimental and exploratory learning using sketchbooks to document ideas.

Impact: Expected impact that children will produce creative work, explore and record their ideas and experiences - Be confident in drawing, painting, sculpture and other art and design techniques - Evaluate and analyse creative works using subject specific language - Know about great artists - Meet the end of KS expectations. The scheme can be monitored through both formative and summative assessment opportunities with spreadsheets giving learning objectives
